

2011 Intermountain CFC Scramble Golf Tournament — Sept. 9, 2011

RULES OF THE DAY:

1. Normal “scramble” rules apply. Each person will hit a ball. The best ball will be chosen and each person will then hit a second shot from that same location. Prior to each shot/putt, a marker will be placed adjacent to the ball being played so each succeeding shot/putt is played from the same location. This will continue until a putt drops. One score will then be registered for the team for that hole.
2. Each person must have a MINIMUM of TWO of his/her drives off the tee used during the 18 holes played. All men will start on the white tees, except men over 75 years old, who may tee off from the reds. If the foursome records a “birdie” or an “eagle” the next hole will be played from the blue tees (men over 75 move back to the whites). This will continue until the foursome records a “bogey” or worse at which time they can revert to the white tees. This same “back and forth” procedure will continue all day for the men. The red tees will be used for women no matter what the team score is.
3. Longest drive for men will take place on hole #14. (Only balls in the fairway will be counted. Everyone will tee off from the white tees on this hole.)
4. Longest drive for women will take place on hole # 9. (Also must be in the fairway to count.)
5. Closest to pin for men (from white tees – red tees for women, if entering Hole-in-One challenge) will be on hole #3.
6. Closest to pin for women will be on hole #13.
7. Longest putt will be on hole #1. (one prize—men or women)
8. SPECIAL RULES FOR LADIES: Each foursome may deduct one stroke from their final score for each lady they have in their foursome.
9. PRIZES: Prizes will be awarded for first through fifth place in the morning and afternoon, for highest score (last place), for longest putt (only one winner of either sex) and for longest drives and closest to the pin. One set of prizes will be awarded for the morning and another for the afternoon. (In case of ties, lowest handicap holes will be compared.)
10. MULLIGANS: Each golfer may purchase a *maximum* of two mulligans, which can be used on any shot or putt except on the longest drive and closest to pin holes. The mulligans will be sold at the sign-up table—for \$5.00 each—and must be purchased before the first tee off. Mulligans may not be given, traded or sold to any other player. (See Rule #12 for “mulligan” prize drawings.)
11. **The CFC Challenge** occurs on Hole #3. For \$10.00 to enter, anyone ending up on the green wins a box of golf balls. If you end up within 20 feet of the pin (the chalked circle), you will win a box of Titleists and be entered in a drawing at the end of the morning/afternoon (2 winners) to win \$100.00 in cash. If you enter and make a hole-in-one, you win the GRAND PRIZE BONUS: If you enter, you will also receive two more tickets which will be entered in the drawings for prizes.
12. A number of prize drawings will take place after the scores and prizes are posted. The other half of your mulligan ticket(s) and your CFC Challenge ticket(s) will be placed in a jar and if one of yours is drawn out after your round, you are a winner, no matter what score you had. Someone from your team must be present to claim your prize, however.

No CFC contributions are used for this tournament. It is a pay-as-you-go event presented by United Way of Northern Utah (UWNU) and partially subsidized by outside company sponsors. The event is designed as a “thank you” to federal workers for their support of eligible CFC charities. UWNU will donate all proceeds from the event to the CFC administrative budget, which results in more CFC pledge money going to charities.
